Dr. D. H. Wenrich  
Zoological Laboratory  
38th and Woodland Avenue  
University of Pennsylvania  
Philadelphia 4, Pennsylvania

Dear Dr. Wenrich:

Lederberg and I have by now had time to check with each other on the questions you raised as well as on a few other points which have come up.

I am enclosing a carbon copy of our paper, Sex in Bacteria, with these changes marked in ink.

Very sincerely yours,

---

E. L. Tatum
